

POTHOLE REPAIR INSTRUCTIONS

Note: Keep shoes, hand tools & compaction equipment wet with water, this will prevent material sticking to "everything".

1. CUT / SQUARE POTHOLE WITH PICK

4. COMPACT BASE WITH RAMMER
(Only applicable on deeper holes)

7. COMPACT ASPHALT WITH PLATE
COMPACTOR / HAND STAMPER / ROLLER

2. SWEEP CLEAN

5. FILL HOLE WITH REPAIR COLD ASPHALT

8. FILL EMPTY BAGS WITH DEBRIS

3. FILL WITH BASE MATERIAL
(Only applicable on deeper holes)

6. RAKE ASPHALT EVEN

9. OPEN FOR TRAFFIC & MOVE TO
NEXT POTHOLE
